- Questions are addressed to the farm manager/farm decision maker who should preferably be the respondent.
- Throughout use -9 for ‘Don’t know, Information missing’ and -8 for ‘Uncodeable information’

Core var. no	Variable label	Variable values	Skip-rules, information etc.
--------------	----------------	-----------------	------------------------------

1. Household Demographic and Socio-Economic Characteristics

e001	Country -----	<i>1=Ethiopia, 2=Ghana, 3=Kenya, 4=Malawi, 5=Nigeria, 6=Tanzania, 7=Uganda, 8=Zambia, 9=Mozambique</i>	
e002	Region -----		
e003	Full name of village -----		
e004	<i>For Afrint II villages:</i> Old village number: -----		

Country: Malawi Region:

Village nr.:

Village:

HH nr.:

e005	For interviewer: Sub-sample -----	<i>1=Afrint II sample, re-interviewed household, 2=Sample of descendants of Afrint II households, 3=Sample of immigrant households, 9=new respondent sampled to make up for attrition</i>	
e006	For newly sampled households new household number -----		<i>Newly sampled households are either immigrant households or sampled to make up for attrition.</i>
e007	If household immigrated to the village: Where did you come from? -----	<i>1=Within region, 2=From another region, 3=Urban area</i>	
e008	For reinterviewed Afrint II households to answer: Is the head of household the same person as in 2008 ? -----	<i>1=yes, 0=no</i>	<i>If 'yes' the name of the household head should be the same as in 2008.</i>
e009	Name of head of household -----		
e010	If household head is descendant of Afrint II household: How many descendant households are there from the original household? Number of descendant households: -----		

Country: Malawi Region:

Village nr.:

Village:

HH nr.:

e011	Number of descendant households who remain in the village: -----		
e012	Of the descendant households who remain in the village, how many are farming? -----		
e013	For reinterviewed Afrint II households to answer: Is the farm manager the same person as in 2008? -----	<i>1=yes, 0=no</i>	<i>If 'yes', compare with your household list so that the name of the farm manager is the same as in 2008.</i>
e014	Name of farm manager -----		<i>For interviewer: Be sure to get the de facto farm manager, i.e. the person who decides about land and crop use. Consider gender aspects!</i>
e015	Respondent? -----	<i>1=Farm manager, 2=spouse of farm manager, 3=grown up child, 4=relative, 5=parent of farm manager, 6=other</i>	
e016	Household type -----	<i>1=Nuclear, 2=Extended, 3=Polygamous, 4=De jure female headed (widow, never married, divorced), 5=De facto female headed (husband absent), 6=Not yet married males</i>	

Country: Malawi Region:

Village nr.:

Village:

HH nr.:

e017	Sex of head of household -----	<i>Male=1, female=0</i>	
e018	Sex of farm manager -----	<i>Male=1, female=0</i>	
e019	Age of head of household ----- years		
e020	Age of farm manager ----- years		
e021	Educational level of farm manager? ----- years	<i>Total years in school.</i>	
e022	No. of household members who regularly sleep here: 16-60 years? -----		<i>Consider only regularly residing household members.</i>
e023	No. of males -----		
e024	No. of females -----		
e025	No. of household members who regularly sleep here: 15 and below? -----		<i>Consider only regularly residing household members.</i>

2. Maize

e030	Does your household grow maize? -----	<i>1=yes, 0=no</i>	<i>If the household does not grow maize skip the maize section and go on to sorghum (e086 onwards).</i>
	Maize, area		
e031	How many growing seasons for maize do you normally have in a year? -----	<i>1=one season (one harvest per year) 2=two seasons (two harvests per year)</i>	
e032	During the most recent crop year, did you grow maize in pure stand only or was your maize mixed with other crops? -----	<i>1=pure stand only 2=intercropped</i>	

Country: Malawi Region:

Village nr.:

Village:

HH nr.:

e033	<p>What was the area under maize during the most recent crop year?</p> <p style="text-align: right;">_____, __ local unit</p> <p style="text-align: center;">local unit= _____</p> <p>Recalculation: _____ ha</p>		<p><i>Express in local unit and then recalculate into hectares.</i></p> <p><i>If two harvests of maize are taken per year and the area hence is cultivated twice with maize, the area should be doubled.</i></p> <p><i>If maize is intercropped, ask respondent to estimate maize area from the share of maize, for example using seed ratios.</i></p>
e034	<p>What was the area under maize during the crop year before the most recent one?</p> <p style="text-align: right;">_____, __ local unit</p> <p>Recalculation: _____ ha</p>		<p><i>Express in local unit and then recalculate into hectares.</i></p>
e035	<p>What was the area under maize three crop years ago?</p> <p style="text-align: right;">_____, __ local unit</p> <p>Recalculation: _____ ha</p>		<p><i>Express in local unit and then recalculate into hectares.</i></p>

Maize, production (grain)			
e036	<p>What was the total production of maize (grain) during the most recent crop year (For households that take two crops per crop year, use total production for the crop year).</p> <p>----- bags ----- kg</p>	<p><i>Express in bags or other local unit, then recalculate into kg.</i></p>	<p><i>Include the amount of green or premature maize harvested; grain equivalent;</i></p> <p><i>If two harvests are taken yearly include total production over the last crop year</i></p>
e037	<p>What was the total production of maize during the crop year before the most recent one (For households that take two crops per crop year, use total production for the crop year)?</p> <p>----- bags ----- kg</p>	<p><i>Express in bags or other local unit, then recalculate into kg.</i></p>	
e038	<p>What was the total production of maize three crop years ago (For households that take two crops per crop year, use total production for the crop year)?</p> <p>----- bags ----- kg</p>	<p><i>Express in bags or other local unit, then recalculate into kg.</i></p>	
e039	<p>Do you send any maize to relatives that are not part of your household?</p> <p>-----</p>	<p><i>1=yes, 0=no</i></p>	<p><i>If no, go to question e041.</i></p>

Country: Malawi Region:

Village nr.:

Village:

HH nr.:

e040	<p>Following your most recent crop year, how much maize did you send?</p> <p>----- <i>bags</i></p> <p>----- kg</p>		
e041	<p>Do relatives that are not part of your household come to collect maize from you?</p> <p>-----</p>	<i>1=yes, 0=no</i>	<i>If no, go to question e043.</i>
e042	<p>Following your most recent crop year, how much maize did they collect?</p> <p>----- <i>bags</i></p> <p>----- kg</p>		
e043	<p>Summing up: How much maize in total did your relatives collect or you send to them following the most recent crop year?</p> <p>Maize, amount</p> <p>----- <i>bags</i></p> <p>----- kg</p>	<i>Express in bags or other local unit, then recalculate into kg.</i>	<p><i>Cross-check the results with the data collected above on amounts so that the total amounts here correspond with what respondents send to relatives and what relatives have collected from them.</i></p> <p><i>If the total amount of collected and sent maize is equal to zero, go to question e052.</i></p>

Country: Malawi Region:

Village nr.:

Village:

HH nr.:

	Where do the relatives to whom you send maize, or who come to collect maize from you, live?	<i>1=yes, 0=no</i>	
e044	same village -----		
e045	neighbouring villages -----		
e046	other rural areas -----		
e047	towns in same district/county -----		
e048	towns outside district/county -----		
e049	major urban areas -----		
e050	capital city -----		
	Out of the maize that you send or they collect (e043) above, how much is given to relatives in urban areas?		
	Maize, amount		
	----- <i>bags</i>		
e051	----- kg		

Country: Malawi Region:

Village nr.:

Village:

HH nr.:

	How much of the total output of maize (e036) following the most recent crop year was used for:	<i>Express in local units (bags etc.), recalculate into kg after the survey</i>	<i>Include the amount of green or premature maize harvested; grain equivalent.</i>
e052	1. Home consumption _____ bags _____ kg		<i>Check the total (e057) against total production above (e036).</i>
e053	2. Payment for hired labour _____ bags _____ kg		
e054	3. Sale _____ bags _____ kg		
e055	4. Transfers to relatives (should equal the amount in e043 above) _____ bags _____ kg		
e056	5. Other uses (seed, animal feed, brewing, gifts, storage losses etc.) _____ bags _____ kg		
e057	Total (should equal e036) _____ bags _____ kg

Maize, technology & inputs			
e058	During the most recent crop year, what was the main variety of maize planted? -----	1= <i>traditional</i> 2= <i>improved variety (OPV,composites)</i> 3= <i>hybrid</i>	<i>To partners and interviewers: Be sure to check the local terminology for maize varieties to ensure that respondents understand the question.</i>
e059	How did you acquire (get hold of) the maize seed you used in the most recent crop year? -----	1= <i>own stock</i> 2= <i>other farmers or neighbours</i> 3= <i>purchased in the market</i> 4= <i>received or purchased from extension agents, NGOs or other formal organizations</i>	
e060	Do you use artificial fertilizer on your maize? -----	1= <i>No, my soil is fertile</i> 2= <i>No, I cannot afford to</i> 3= <i>Yes</i>	<i>If no, skip to e064.</i>
e061	If yes, during the most recent crop year, how much money did you spend on artificial fertilizer for maize? ----- local currency ----- USD	<i>Indicate in local currency but recalculate into USD after the survey.</i>	
e062	If yes, during the most recent crop year, how many bags or other local unit of fertilizer did you use? ----- local unit ----- kg	<i>Indicate in local unit but recalculate into kg after the survey.</i>	

Country: Malawi Region:

Village nr.:

Village:

HH nr.:

e063	How do you compare the amount of fertilizer used on maize in the most recent cropping season with 2008? -----	0= <i>No fertiliser applied in 2008</i> 1= <i>Amount decreased since then</i> 2= <i>Amount unchanged</i> 3= <i>Amount increased since then</i>	<i>To partners and interviewers: Be sure to check the local terminology for pesticides and herbicides to ensure that respondents understand the question here and below.</i>
e064	During the most recent crop year, were pesticides applied on growing maize crop? -----	1= <i>yes</i> , 0= <i>no</i>	
e065	During the most recent crop year, what was your main method of land preparation for maize? -----	1= <i>hoe cultivation</i> 2= <i>oxen ploughing</i> 3= <i>tractor ploughing</i> 4= <i>no till agriculture</i> 5= <i>other</i>	
e066	During the most recent crop year, were herbicides applied on maize? -----	1= <i>yes</i> , 0= <i>no</i>	<i>If no, skip to e068.</i>
e067	If yes, during the most recent crop year, how much money did you spend on herbicides for maize? ----- local currency ----- USD	<i>Indicate in local currency but recalculate into USD after the survey.</i>	

Country: Malawi Region:

Village nr.:

Village:

HH nr.:

	Maize marketing conditions		
e068	Did you sell or do you intend to sell any maize following your most recent crop year? -----	<i>1=yes, 0=no</i>	<i>If no, skip to e077 for newly sampled households, OR to the sorghum section e086 onwards for re-interviewed households.</i>
e069	What was the total amount of maize sold (or is planned to be sold, e054) after the most recent crop year? ----- bags ----- kg	<i>Express in local units (bags etc.), then recalculate into kg after the interview/ survey</i>	<i>Should be equivalent to the amount listed as sale in e054 above.</i>
e070	What was (is) the lowest price for maize you received following the most recent crop year? ----- local currency/100 kg -----, ___ USD/100 kg	<i>Indicate in local currency per 100 kg but recalculate into current USD after survey.</i>	
e071	What was (is) the highest price for maize you received following the most recent crop year? ----- local currency/100 kg -----, ___ USD/100 kg	<i>Indicate in local currency per 100 kg but recalculate into current USD after survey.</i>	
e072	Did you access information on maize prices over mobile phone? -----	<i>1=yes, 0=no</i>	

Country: Malawi Region:

Village nr.:

Village:

HH nr.:

e073	Where did you sell your maize? -----	<i>1=in the village, 2=outside the village, 3=both inside and outside the village</i>	
e074	What is your main market outlet for maize? -----	<i>1=Traders from within the village 2="briefcase traders"/large scale traders 3=brokers 4=State marketing board, 5=NGO or donor project, 6=Farmers' groups or organization, 7=Other</i>	
e075	In the crop year before the last one did you sell more or less maize than after the most recent crop year? -----	<i>0=No maize sold the year before last 1=Amount decreased since then 2=Amount unchanged 3=Amount increased since then</i>	
e076	In your view, how has the price for maize changed since 2008? -----	<i>0=maize not sold at that time 1=worse price today (price has decreased) 2=price unchanged 3=better price today (price has increased)</i>	
	Only newly sampled households should answer questions e077 to e085.		<i>If the household is not newly sampled skip to the sorghum section (e086 onwards)</i>
e077	Did you grow maize in 2008? -----	<i>1=yes, 0=no</i>	<i>If no, skip to the sorghum section (e086 onwards)</i>

Country: Malawi Region:

Village nr.:

Village:

HH nr.:

e078	What was the size of the land under maize in the most recent crop year, compared to 2008? -----	0= <i>did not grow maize at that time</i> 1= <i>area decreased since then</i> 2= <i>area unchanged</i> 3= <i>area increased since then</i>	
e079	Do you get more or less maize from a given size of land (e.g. one acre) today, compared to 2008, i.e. have the yields increased or decreased? -----	0= <i>did not grow maize at that time</i> 1= <i>yields have decreased</i> 2= <i>yields unchanged</i> 3= <i>yields have increased</i>	
e080	What was the main variety of maize planted in 2008? -----	1= <i>traditional</i> 2= <i>improved variety (OPV, composites)</i> 3= <i>hybrid</i>	
e081	Were pesticides applied on growing maize crop in 2008? -----	1= <i>yes, 0=no</i>	
e082	Were herbicides applied in 2008? -----	1= <i>yes, 0=no</i>	
e083	What was your main method of land preparation for maize in 2008? -----	1= <i>hoe cultivation</i> 2= <i>oxen ploughing</i> 3= <i>tractor ploughing</i> 4= <i>no till agriculture</i> 5= <i>other</i>	
e084	Did you sell any maize in 2008? -----	1= <i>yes, 0=no</i>	
e085	Since 2008, how has the amount of maize you sell changed? -----	1= <i>less maize sold now</i> 2= <i>no significant change</i> 3= <i>more maize sold now</i>	

3. Sorghum

e086	Does your household grow sorghum? -----	1=yes, 0=no	If the household does not grow sorghum skip the sorghum section and go on to the rice section (e143)
	Sorghum, area		
e087	How many growing seasons for sorghum do you normally have in a year? -----	1=one season (one harvest per year) 2=two seasons (two harvests per year)	
e088	During the most recent crop year, did you grow sorghum in pure stand only or was your sorghum mixed with other crops? -----	1=pure stand only 2=intercropped	
	What was the area under sorghum in your most recent crop year ? -----, ___ local unit local unit=-----		Express in local unit and then recalculate into hectares . If two harvests are taken per year and the area hence is cultivated twice, the area should be doubled
e089	Recalculation: -----, ___ ha		

Country: Malawi Region:

Village nr.:

Village:

HH nr.:

e090	<p>What was the area under sorghum for the crop year before the most recent one?</p> <p>_____, __ local unit</p> <p>Recalculation: _____, __ ha</p>		<p><i>Express in local unit and then recalculate into hectares.</i></p> <p><i>If two harvests are taken per year and the area hence is cultivated twice, the area should be doubled</i></p>
e091	<p>What was the area under sorghum three crop years ago?</p> <p>_____, __ local unit</p> <p>Recalculation: _____, __ ha</p>		<p><i>Express in local unit and then recalculate into hectares.</i></p> <p><i>If two harvests of sorghum are taken per year and the area hence is cultivated twice with sorghum, the area should be doubled</i></p>
Sorghum, production (grain)			
e092	<p>What was the total production of sorghum during the most recent crop year (For households that take two crops yearly, use total production in the year)?</p> <p>_____ bags</p> <p>_____ kg</p>	<p><i>Express in bags or other local unit, then recalculate into kg.</i></p>	<p><i>Include the amount of green or premature sorghum harvested; grain equivalent;</i></p> <p><i>If two harvests are taken yearly include total production over the last crop year</i></p>

Country: Malawi Region:

Village nr.:

Village:

HH nr.:

e093	<p>What was the total production of sorghum during the crop year before the most recent one (For households that take two crops yearly, use total production in the year)?</p> <p>----- <i>bags</i></p> <p>----- kg</p>	<i>Express in bags or other local unit, then recalculate into kg.</i>	
e094	<p>What was the total production of sorghum three crop years ago (For households that take two crops yearly, use total production in the year)?</p> <p>----- <i>bags</i></p> <p>----- kg</p>	<i>Express in bags or other local unit, then recalculate into kg.</i>	
e095	<p>Do you send any sorghum to relatives that are not part of your household?</p> <p>-----</p>	1=yes, 0=no	<i>If no, skip to e097.</i>
e096	<p>Following your most recent crop year, how much sorghum did you send?</p> <p>----- <i>bags</i></p> <p>----- kg</p>		

Country: Malawi Region:

Village nr.:

Village:

HH nr.:

e097	Do relatives that are not part of your household come to collect sorghum from you? -----	<i>1=yes, 0=no</i>	<i>If no, skip to e099.</i>
e098	Following your most recent crop year, how much sorghum did they collect? ----- <i>bags</i> ----- <i>kg</i>		
e099	Summing up: How much sorghum in total did your relatives collect or you send to them following the most recent crop year? ----- <i>bags</i> ----- <i>kg</i>	<i>Express in bags or other local unit, then recalculate into kg.</i>	<i>Cross-check the results with the data collected above on amounts so that the total amounts here correspond with what respondents have sent to relatives and what relatives have collected from them respectively.</i> <i>If the total amount of collected and sent sorghum is equal to zero, go to question e108.</i>

Country: Malawi Region:

Village nr.:

Village:

HH nr.:

	Where do the relatives to whom you send sorghum, or who come to collect sorghum from you, live?	<i>1=yes, 0=no</i>	
e100	same village -----		
e101	neighbouring villages -----		
e102	other rural areas -----		
e103	towns in same district -----		
e104	towns outside district -----		
e105	major urban areas -----		
e106	capital city -----		
	Out of the sorghum that you send or they collect (e099) above, how much is given to relatives in urban areas?		
e107	----- <i>bags</i> ----- kg		

Country: Malawi Region:

Village nr.:

Village:
