Human Ecology Division

## Syllabus

### SAHE003

# Reading course in Methodological Specialization (Metodologisk specialisering)

#### **A. Third cycle course: 7,5 higher education credits**

The course was adopted and the syllabus approved by the Board of the Department of Human Geography, Lund University, 2015-05-05. This syllabus is valid from 2015-08-31.

#### **B. Course Details.**

The course is offered as a single subject course at the PhD level.

The language of instruction is Swedish or English.

#### **C. Learning Outcomes.**

On completion of the course, the student shall be able to:

- demonstrate understanding of relevant methodologies in Human Ecology
- critically examine different contributions to methodology in Human Ecology
- discuss key methodological concepts in Human Ecology
- evaluate major methodological developments in Human Ecology.

**D. Course Content**

The course offers insights into several methodologies applied within Human Ecology, in particular those that relate to the particular thesis topic of the student.

**E. Teaching and Assessment**

The student shall read a selection of key contributions to the field, chosen jointly by student and supervisors and approved by the examiner. At the end of the course, the student will present an essay in which the chosen field of study is analysed and evaluated, to demonstrate the fulfilment of learning outcomes. The essay may serve as draft for a thesis chapter.

**F. Grades**

The grades awarded are Pass or Fail. To receive Pass, the student must fulfil the learning outcomes and participate actively in the course.

**G. Admission Requirements.**

Applicants must be Ph.D. students in the discipline.

**H. Literature**

Literature is selected jointly by student and supervisors and should be approved by the examiner.
